

Thank You

To our community for the ongoing support during this challenging time!

OUR DINING ROOM IS OPEN!

MONDAY TO FRIDAY | 11:30AM TO 9PM

SATURDAY | 10AM TO 10PM

SUNDAY | 10AM TO 9PM

The health of our community and our team continues to be our top priority!

According to state guidelines, our dining room is operating at a reduced capacity, with tables set up to facilitate social distancing. **Reservations are required - with a maximum of 6 guests per table - and available here on our website or by calling the restaurant.** We have implemented numerous expanded safety and health protocols, including but certainly not limited to:

Face coverings are required for our entire team, and for all guests when entering the restaurant and moving about the dining room

Frequent and timed hand washing, sanitization of contact surfaces, and glove & mask changing

Temperature and wellness checks for all employees before each shift

Wellness questions for all guests upon checkin

Contact-reduced steps of service and payment options

Firm protocols with all our vendors and deliveries

We are approaching everything with a detailed eye towards your safety. We are excited to be open and taking rigorous measures to ensure everyone's wellbeing!
